Prodigy Program

The Westwood Public Schools believes all children should have the opportunity to receive a musical education. While tuition for lessons and classes in the Prodigy Program are the lowest in eastern Massachusetts, limited funds are made available to assist families to provide lessons for their children. Assistance is made available to families with demonstrated need based upon the size of the family, number of children enrolled in the Prodigy Program, number of children enrolled in a college or university, total family income and special family circumstances. While each criterion identifies a condition of need, the level of assistance, if any, is based upon the cumulative impact of all criteria.

Tuition Assistance Policies

- Applications for tuition assistance will not be processed until all children have been registered and all minimum fees have been paid. Minimum fees include a nonrefundable Family Registration fee or the Minimum Deposit fees. Only deposit fees are applied to tuition. (see directions below)
- Credit card or bank information must be provided. This information must match the information online on the Prodigy Program Access Portal. (see last page of this application for more information)
- The level of tuition assistance is based upon the total funds available for this purpose and the number of families requesting assistance.
- Tuition assistance is not guaranteed from one year to the next. Parents seeking assistance in consecutive years must reapply.
- Tuition assistance will never equal 100% of the total tuition.
- Families should not assume they have been granted tuition assistance until they have received confirmation.
- Notification will be sent by Email.
- Requests for tuition assistance made after September 30 may not be considered.
- All information will be held in strict confidence and used solely for the purpose of determining the eligibility and level of tuition assistance for the Prodigy Program
- Notification will be sent to all recipients before lessons start.
